Every visit is a unique Arventure full of imagination, creativity and fun for the whole family. Weekend Artventures are designed for Ages 5+ with an adult present. Mini Makers, ages 2.5-5 can join the fun and explore our Imagination Stations, curated for sensory play.

## ARTOGETHER WITH TOTS

**AGES 2.5-5**

ArTogether with Tots is an art focused workshop designed for young children, ages 2.5-5, WITH their adults. Discover and enjoy art experiences with your child in a uniquely designed art studio for both children and adults. We explore new 3-week themes each season through songs, stories, and art experiences. Baby siblings in strollers or carriers are welcome.

## ARTOGETHER WITH KIDS

**AGES 5+ WITH ADULT**

Get creative together! ArTogether with Kids is a hands-on, seasonal workshop for kids, ages 5+, WITH their adults. Explore a variety of make-and-take projects with a seasonal twist and enjoy time together in the studio. Our fun and playful project stations are designed for a wide range of interests and abilities for kids and adults!

## CREATIVE ART WORKSHOPS

**AGES 8- ADULT**

Explore a variety of art materials and projects in our instructor led workshops. From jewelry making to screen printing, we have all of the tools and instruction you need to successfully create your own works of art!

## SEWING WORKSHOPS

**AGES 8- ADULT**

Learn to Machine Sew at Cloud 9 Workshop. New to sewing? No worries! Sewing workshop size is kept small and our curriculum is designed by experienced teachers for both beginner and intermediate skill levels. All workshops provide an introduction and overview of machine sewing. Each workshop will also teach additional techniques and skills specific to the projects being made. Our priority is the creator, not the stuff. We will make adjustments were needed along the way to make the experience awesome for all!

## AFTER SCHOOL ART CLUB

**GRADES K5 - 5**

Drop the kids off after school to explore, invent, experiment and CREATE in Cloud 9 Workshop's Jr. Maker Space. Each class, Jr. Makers create a project that explores new art media and teaches useful skills. During the second part of each class, Jr. Makers have the freedom to tinker, apply and practice news skills and art media in projects of their choice. Cloud 9 Workshop is an eco-art studio. Where possible, we repurpose and reuse common and uncommon materials found at home. Workshops are fun, engaging and designed to integrate practical skills such as: sewing, basic tool use, problem solving & math.
