AFTER SCHOOL ART CLUB

GRADES 1- 5

Drop the kids off after school to explore, invent, experiment and CREATE in Cloud 9 Workshop's Jr. Maker Space. Each class, Jr. Makers create a project that explores new art media and teaches useful skills. During the second part of each class, Jr. Makers have the freedom to tinker, apply and practice new skills and art media in projects of their choice. Cloud 9 Workshop is an eco-art studio. Where possible, we repurpose and reuse common and uncommon materials found at home. Workshops are fun, engaging and designed to integrate practical skills such as: sewing, basic tool use, problem solving & math.

KIDPRENEUR

GRADES 1-12

The Kidpreneur Experience includes a discovery workshop, guided curriculum, and maker fair. Kids in 1st-12th grade explore firsthand the world of invention, innovation, and entrepreneurship.

SEWING WORKSHOPS

AGES 8- ADULT

New to sewing? No worries! Sewing workshop size is kept small and our curriculum is designed by experienced teachers for both beginner and intermediate skill levels. All workshops provide an introduction and overview of machine sewing. Each workshop will also teach additional techniques and skills specific to the projects being made. Our priority is the creator, not the stuff. We will make adjustments where needed along the way to make the experience awesome for all!

MAKER STUDIO

AGES 6- ADULT
