AFTER SCHOOL ART CLUB

GRADES 1- 5, Drop Off

Drop the kids off after school to explore, invent, experiment and CREATE in Cloud 9 Workshop's Jr. Maker Space. Each class, Jr. Makers create a project that explores new art media and teaches useful skills. During the second part of each class, Jr. Makers have the freedom to tinker, apply and practice new skills and art media in projects of their choice. Cloud 9 Workshop is an eco-art studio. Where possible, we repurpose and reuse common and uncommon materials found at home. Workshops are fun, engaging and designed to integrate practical skills such as: sewing, basic tool use, problem solving & math.

SEWING WORKSHOPS

AGES 8- ADULT

New to sewing? No worries! Sewing workshop size is kept small and our curriculum is designed by experienced teachers for both beginner and intermediate skill levels. All workshops provide an introduction and overview of machine sewing. Each workshop will also teach additional techniques and skills specific to the projects being made. Our priority is the creator, not the stuff. We will make adjustments were needed along the way to make the experience awesome for all!

JEWELRY WORKSHOPS

AGES 8- ADULT

Explore DIY wearable art using hand-crafted jewelry techniques. Our jewelry workshops encourage personal expression and playful creativity! Using a combination of upcycled materials and fine art practices, we'll guide participants through envisioning and creating their very own jewelry pieces to wear or give!

MAKER STUDIO

AGES 6- ADULT
