

## CAMP DESCRIPTIONS

### GRADES K5-5 CONTINUED

*Perfect for siblings!*

#### 1-Day Potions, Lotions & Slime

Join us for our ooieist and gooieist camp yet! We'll experiment and investigate interesting ingredients to create wild concoctions, bubbling potions, soothing lotions & fizzy creations. Not to fear parents! The potions & slime will remain at the studio and each camper will head home with their personalized container of lotion.

#### 1-Day Wands & Wizards

A full day of art experiences filled with magic & mischief inspired by children's books and imaginations. All aboard the Cloud 9 Express! Join us as we reinvent the imaginative world of story book characters. Create your own wand, experiment with colorful potions, make monster books to keep your stories & spells safe, learn to finger knit with your favorite house colors & discover dragon eggs in the Dark Forest! Sign up now to artistically resist He-Who-Must-Be-Named. (Muggles welcome)

#### 2 hour Mini Maker Workshops

**ArTogether Wooden Flower Press** - Together with your child, design, paint & build your own wooden flower press. Learn, explore & apply techniques in woodworking, painting & stamping.

**Under the Sea Mini String Art** - Woodworking is fun! Learn how to make mini string art designs inspired by the sea using paint, string and useful woodworking tools & techniques.

**ArTogether Peace Flags** - Together with your child, create peace flags that can dance in the wind and express your dreams, prayers, wishes & hopes for the world.

**Oven Baked Clay Beads** - Our favorite at home clay experience! Create your own beads, perfect for necklaces, friendship bracelets and keychains. We'll show you fun techniques & our clever tricks to model, layer & manipulate colorful oven baked clay. Beads may be your beginning but you'll find the possibilities are nearly endless!

### GRADES 3-6

#### Fashion Camp

If you have a fashion loving child, then this camp is for you! We'll explore the art of fashion through fashion illustration, sewing, accessory design and even fabric science. Students will learn basic sewing techniques to create one wearable work of art and several accessories made from everyday items found at home. We will play design games and work on group design challenges to foster creativity while having a ton of fun!

#### Stain & Stitch

Create useful fun items & use nature to color your wares! Come away with a unique bandana, napkins, appliqué banner, windsock or macrame plant hanger with juniper berries, turmeric, red onions or avocado, and stenciled with mud!

#### Scrap Happy

Never waste another scrap using wacky sewing & improv quilting to create useful items such as wacky sewn bowls, coasters, seat covers, hotpads, placemats or a lap blanket.

#### Dream Weaving

Create your own textural fabric painting using fun cutting & attaching techniques with recycled textiles. Projects will include sorting scraps, making yarn, circle loom coasters, cardboard loom wall hangings and loomless finger weaving headbands.

#### Back to School Sew

Print your own fabric with stamps and fabric markers & make several projects such as: a locker caddy, pencil case, drawstring backpack or velcro lunch sac.

#### 1-Day Sudsy Soaps

Learn how to make beautiful glycerine soaps using a variety of molds, colors, hidden treasures and fragrances.

### GRADES 5-8

#### Rip & Recycle

Old garment? Don't toss it; rip and recycle it! Dig up, rip up and recreate an old favorite or incorporate many favorites into a new piece that will accent your collection. Think fast, sew free, this class is great for clothing creativity and patterning-on-the-fly. Participants should bring 4-5 of their own rescued fabric wares to recreate.
